Dear Mr. Campacci,

Gary

Mount Sinai Hospital was a dream built by philanthropy – by people like you who made it a priority to help us become the leader in health care we are today. Your generosity means the world to us, and we cannot thank you enough for your support. The unwavering dedication, commitment and hard work you have demonstrated over the past year in organizing fundraising events have helped us to deliver excellence in patient and family-centred care.

I am pleased to share this year's annual report with you. It is full of shining examples of what we have achieved together for our great Hospital. The report highlights just a few of our many stars and their internationally recognized efforts – from Dr. Pamela Goodwin's pivotal research in deconstructing breast cancer, to Dr. David Backstein's innovation in complex reconstructive surgery. It has been a year of incredible accomplishments, and one filled with excitement as we head into an unprecedented era of growth and renewal for Mount Sinai. You'll note that the revenue from Events has increased 38% since last year! This increase is directly due to your incredible contributions as ambassadors on behalf of our Hospital.

I hope you enjoy the report as much as we enjoyed creating it. We look forward with anticipation to the upcoming year and the discoveries it will bring. Together with your continued support, we will, as always, provide The Best Medicine to each and every patient in need of our care.

If you have any questions or would like to discuss your future fundraising plans, please do not hesitate to contact me at 416-586-8203 ext. 8838 or via email at tartinian@mtsinai.on.ca.

Thank you so much for all you do.

Sincerely,

Taline
